

Summit Band Fundraiser

Parents,

We are launching a Fan-Pledge Fundraiser using social media, emails, calls and text.

We are asking each band student to gather **20 email address and phone numbers of family, friends and potential donors** willing to support our campaign.

Your contacts are strictly private and protected, and never sold or shared. We will only use them for this fundraiser and nothing further. Your protected contacts will receive an email, text, call from your student or social media message explaining our goal. Supporters can simply go to the Summit Band page on the Fan Pledge website, make a donation to the program on your student's behalf and leave a message of support if they choose.

This will allow the band to raise money without selling a product, giving our directors and students more time to focus on what they do best – *making music and performing!*

It is important that every student participate to help us reach our goal. Please help your student to generate 20 **unique** contacts with email addresses and phone numbers before May 29.

Brainstorm ... ***friends, family (anywhere in the country), grandma, grandpa, aunts, uncles, neighbors, colleagues, business owners, doctors, dentists, professionals. Avoid teachers and administrators as many are duplicated by students.***

Mr. Kanicki, section leaders and members of the Boosters club will be tracking progress leading up to the 40-minute Live Event. Thank you in advance and we look forward to great results!
