What's new in Summit Band Boosters

News

THANK YOU!! Thank you to those who helped out Saturday as the band competed in Midlothian!! We appreciate our chaperones, pit crew and truck drivers for spending the whole day with the band. Thank you, also, to all those parents who helped with feeding the kids and those who came out to support the band in the stands.

DONATIONS, SHIFTS AND POINTS AWARDED Please note that students will receive one point per event where they donate. For example: If a parent signs up to bring a case of water, 2 boxes of chips, 3 dozen strawberries for one specific event, your student will earn one point for that event. We hope parents will sign up for more than just one event. Now, if you sign up to volunteer for one shift at an event, then your student earns one point. For example: If you sign up for two shifts at an event, then your student will earn two points. Shifts are usually 3 or more hours, so we understand the need to provide more points per shift worked. We appreciate your understanding and we hope you continue to support the band with your donations and volunteer work.
